✻ No. 231.. Rect. by WB on 25th July with a polite note from Mr Thos L. Donaldson Dated 19th July stating that he begd to return the Book because "the subject was quite foreign to Mr Donaldsons pursuits & one in which of course he can take little personal interest". The Book is acknowledged by WB & was sent to his Residence in the Country.

⚔ Revd Elijah Smith informed WB (Dec. 1834) that General Arbuthnot must be dead as they could not find him: & therefore the Lagerhjelm had given No 235 to one of the Directors of the Swedish Admiralty. Since transferred to the University of Christiania.
1834 Decr. 13th Mr Frederick Hovenman No 2 Clement Terr. New Blandford by WB that General Arbuthnot is dead. Left one instrument with his Son Colonel Arbuthnot and Mr H. has understood from a letter in lieu of that instrument (intended for General Arbuthnot, but now appropriated otherwise by the Lagerhjelm.

= Not to subscribe & subscribe a Work could possibly have been intended to be given to an unknown individual like himself & a stranger — His Portfolio must be sent again Hunter Mr Hutton

* Tired of the little man importunence Mr B has him shut it was not to be supposed that he should have spent £6000 upon printing a Work for gratuitous distribution to the extent of between 1500 & 1600 Copies among the lovers of Science, & that he should withhold the best & single Copy, as he would throw a Brick Bat at a Mans head, who was unwilling to receive it. This little man conducted himself in a way that ought to make Captain Charles Hamilton Mr Beaufoys Brother to the first Duke of Grey & Mr Hutton, having undertaken to see Mrs Somervilles Brother by the first packet, & perhaps Captain C. himself about it, no doubt all will be explained & satisfactorily

"Capt.n Charters presents his Compl.ts to Mr H. Beaufoy—
"On Capt.n C.s return from the Country he found a Book left for him, pre-
"-sented by Mr Beaufoy— As Capt.n C has not the honour of Mr Beau-
-foys acquaintance, he is persuaded it must have been left by mistake.
"he therefore begs Mr Beaufoy, will send for it & in case Capt.n C
"should be from home, the Servant has orders to deliver it.
"17 L.r Berkeley St. H. B. to visit at Cheltenham. Capt.n C has since called upon Mr Hutton & Capt.n Hutchinson but knows him not by sight
To "July 1834"
H. B. called on Mr Hutton who says Capt.n C is Brother to Mrs Somerville — it is a very great mistake in Mr H. has been deceived by his Barometer for him; & he is sure is under an impression that he could use it to be meant for him by a Stranger, & thinks it is a mistake. Not to subscribe — Books could not be meant for him by a Stranger, & thinks it is a mistake. H. B. called upon Capt.n C who was out. But saw apparently the Master of the (so said) House (at N.o 17 Berkeley St) an impertinent little Bobble about 50 or 60 years of age, who talk'd of the Work (as) an superfluous impertinent little Bobble about 50 or 60 years of age, who talk'd of the Work (as) an superfluous Book & would advise him to sell it — & (as) carrying on a Book with him to Italy where he is about to go to reside having bought a property there. He did not believe that Capt.n C was going to Greece at all — This he must take by & by
